# Yanfei Wu

has successfully completed a free online offering of

## Mining Massive Datasets

This course covers "big-data" algorithms, including locality-sensitive hashing, PageRank, stream algorithms, clustering, social-network graph analysis, large-scale machine learning, recommendation systems, computational advertising, and dimensionality reduction. The SoA is awarded to those scoring at least 50% of the marks, half of which are based on homeworks and half on a timed final exam.
